

Pointscore for Overall Senior Champion

(Amended 30.07.2017)

The determination of the Overall Senior Champion Angler is a result of Monthly Competitions, the Species Comp and the Yearly Board.

An angler may fish in both the BRE and the Deep Sea sections but the points can not be combined.

An angler earns:

1) 1 point for each point (%) in Monthly Comps.

2) 10 points per specie in the Species Comp.

3) 25 points per specie on the Yearly Board (maximum 250pts)

For anglers who have difficulties fishing monthly competitions, a maximum of 450 points can be earned outside of monthly comps (this is the equivalent of winning 4 monthly comps):

EXAMPLE:

Fred earns 450 points in monthly comps: has 8 fish on his species list and 3 fish on the yearly board.

Harry earns 375 points in monthly comps: has 11 fish on his species list and 3 fish on the yearly board.

Mack earns 550 points in monthly comps: has 6 fish on his species list and 0 fish on the yearly board.

Tally: Fred $450 + 80 + 75 = 605$ pts

Harry $375 + 110 + 75 = 560$ pts

Mack $525 + 60 + 0 = 585$ pts

In this example, Fred is the overall champion as he has shown ability in each area.

It is still hard to overcome the monthly comps but on occasions when weather wipes out competitions, consistency in the other areas will be rewarded.
